Subject: Underground Storage Tank Closure, National Linen
Service, 201 S. Stratford Road, Winston-Salem, Forsyth
County, North Carolina

Dear Mr. Fordes:

On October 30, 1990, we received the soil sample results and closure assessment from the underground storage tank closure at the subject location. After careful review of your report, it appears that no further action is warranted. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

If you have any questions, please feel free to contact Thomas Salley or me at the letterhead address or telephone number during the hours of 9:00 a.m. to 10:00 a.m. and 1:30 to 2:30 p.m.

Sincerely,

A handwritten signature in cursive script, reading "W. Waddell Watters".
